About the Institute

The Institute of Pulmocare & Research was born in 2000 AD with a motto of Research, Education and Patient care. With increasing urbanization, pollution, and other factors, the respiratory problems are on a rise. The institute is devoted to address them in an organised fashion, with research activities to the best of its capacity.

As a Scientific and Industrial Research Organisation (SIRO), the institute has already marked its presence with several research and development activities. We are also deeply engaged in patient care, education and benevolence alongside.

We expect your support to nurture our dream child and earnestly solicit your best wishes with positive criticisms.

The Story of PULMOCON

Pulmocon - 2024 is the 22nd Pulmocon in a row. This annual national level pulmonary update started in the year 2003 and has been gaining appreciations over the years. So far, it has been graced by many famous national and international faculty members.

Pulmocon has been receiving CME credit points from the 2012 onwards. We hope that Pulmocon 2024 will also match the previous Pulmocons.
