About the Institute of Pulmocare & Research:

The Institute of Pulmocare and Research was born in 2000 AD, in Kolkata, with the motto of Research, Education, and Patient care.

As a SIRO (Scientific & Industrial Research Organization) recognised by Govt. of India for two decades, the institute has made significant contribution in the field of research, innovations, education, and patient care.

It has organised many symposia and numerous events to educate the health care workers in several areas of pulmonary practice. “Pulmocon”, an annual all India congress which is going to make its silver jubilee soon. The ‘Summer Symposium’ is also been held regularly for a decade.

About the Summer Symposium 2026:

This year, we have dedicated the occasion (Summer Symposium) for learning an important multisystem disease as Sarcoidosis.

This one-day event, will be graced by esteemed professionals and teachers having extensive experience on dealing with Sarcoidosis. This programme has been curated to cover the most important facets of the multisystem disease and deliver clinically relevant information.
