DR. S. N. DE MEMORIAL ORATION

Thought-provoking insights
from an eminent leader

ACHARYA P. C. RAY INNOVATION AWARD

Igniting innovations
in young minds

KEYNOTE LECTURES

- Updates on key areas
in pulmonary medicine
- Delivered by national experts

INTERSTITIAL LUNG DISEASE (ILD)

- Phenotyping ILD
- Antifibrotics in non-IPF ILD
- Biomarkers and genetic markers
- Treatable traits
- Panel discussion

AIRWAY DISEASE (ASTHMA & COPD)

- GINA & GOLD updates
- Precision pharmacotherapy
- Biologics in airway diseases
- SITT vs MITT
- Managing asthma and COPD
in highly polluted Indian metros

BRONCHIECTASIS

- Biology and mechanism-based
interventions
- Mucus targeted therapy
- Panel discussion: suspicion
to diagnosis

PULMONARY VASCULAR DISEASE

- Early detection of PVR
- CTEPD and CTEPH
- Endarterectomy and BPA
- Panel discussion

TUBERCULOSIS

- Molecular assays
- NTEP updates
- BPaL and mBPaL regimens
in private practice

FUNGAL LUNG DISEASE

- Diagnosis and management
- Antifungals: actions and interaction
- Galactomannan & β -D-glucan
- Treat vs colonization
- Duration of therapy
- Q & A session

NTM PULMONARY DISEASE

- From clinical suspicion to
definitive diagnosis
- When to treat and when not to treat

SLEEP MEDICINE

- Home-based vs in-lab
polysomnography
- Practical clinical application
- Panel discussion

FUTURE OF PULMONARY MEDICINE

- Science, technology, clinical
practice and healthcare delivery

POSTER & PLATFORM PRESENTATIONS

- Showcase your research
- Platform for young minds

PULMO-QUIZ

- Test your knowledge
- Engage. Learn. Excel.

POST-GRADUATE FORUM

- Research topic presentations
by PG and PhD students

THE INSTITUTE OF PULMOCARE AND RESEARCH

Compassionate Care. Advanced Research. Healthier Tomorrow.

Established in 2000 in the heart of Kolkata, the Institute of Pulmocare and Research (IPCR) has been at the forefront of excellence in respiratory medicine, delivering comprehensive patient care, pioneering clinical research, nurturing medical education and creating awareness for better lung health. Recognized as a Scientific and Industrial Research Organization (SIRO), IPCR has made significant contributions to advancing respiratory health through innovative research, training and community outreach.

OUR MISSION

RESEARCH

Advancing knowledge through high-quality clinical and translational research in respiratory diseases.

EDUCATION

Empowering healthcare professionals and students with evidence-based learning and practical training.

PATIENT CARE

Delivering compassionate, ethical and comprehensive care to every patient, every time.

PULMOCON

A PLATFORM FOR KNOWLEDGE, COLLABORATION AND BETTER BREATHS

PULMOCON

PULMOCON, the annual academic event of IPCR, brings together eminent national and international faculty, clinicians, researchers and healthcare professionals to discuss the latest advances in respiratory medicine. Over the years, it has evolved into a premier platform for scientific exchange, innovation and collaboration, reaffirming our commitment to better respiratory health for all.
